# RECEIVER'S VERIFIED MOTION TO APPROVE PRIVATE SALE OF REAL PROPERTY- 4203 WEST BAY VILLA AVENUE, TAMPA, FLORIDA

Burton W. Wiand, as Receiver over the assets of the above-captioned Corporate Defendants and Relief Defendants<sup>1</sup> moves the Court to approve the sale of 4203 West Bay Villa Avenue, Tampa, Florida 33611 (the "**Property**") to Robert H. Parker (the "**Buyer**") for \$520,000. A copy of the Purchase and Sale Agreement is attached as **Exhibit 1** (the "**Contract**"). As explained below, the Receiver believes the proposed sale is commercially reasonable and will result in a fair and equitable recovery for the Receivership Estate.

## BACKGROUND

At the request of the Securities and Exchange Commission ("SEC"), the Court appointed the Receiver on February 14, 2020 and directed him, in relevant part, to "[t]ake immediate possession of all property, assets and estates of every kind of the Corporate Defendants and Relief Defendants," which includes "all real property of the Corporate Defendants and Relief Defendants, wherever situated, and to administer such assets as is required in order to comply with the directions contained in this Order." Doc. 6 (the "**Order**") at 73, ¶ 1. The Court also ordered that "[t]itle to all property, real or personal, all contracts, rights of action and all books and records of the Corporate Defendants and Relief Defendants and their principals wherever located within or without this state, is vested by operation of law in the Receiver." Doc. 6 at 77, ¶ 17.

<sup>&</sup>lt;sup>1</sup> The ("**Receiver**" and the "**Receivership**" or "**Receivership Estate**") has been expanded to include the Corporate Defendants, Relief Defendants and the following entities: EquiAlt Qualified Opportunity Zone Fund, LP; EquiAlt QOZ Fund GP, LLC; EquiAlt Secured Income Portfolio REIT, Inc.; EquiAlt Holdings LLC; EquiAlt Property Management LLC; and EquiAlt Capital Advisors, LLC. *See* Doc. 184, at 6-7.

The Order also directs the Receiver to "[m]ake or authorize such payments and disbursements from the funds and assets taken into control, or thereafter received by the Receiver, and incur, or authorize the incurrence of, such expenses and make, or authorize the making of, such agreements as may be reasonable, necessary, and advisable in discharging the Receiver's duties." Doc. 6 at 75, ¶ 8. EquiAlt Fund, LLC incurred expenses in constructing the Property and listed it for sale prior to the appointment of the Receiver. The Property is currently vacant and not generating any revenue while also incurring carrying costs such as insurance, utilities, and taxes.

# The Procedures Applicable to Sales of Real Property

The procedures applicable to private sales of receivership real estate are set forth in

28 U.S.C. § 2001(b) ("Section 2001(b)")<sup>2</sup>:

After a hearing, of which notice to all interested parties shall be given by publication or otherwise as the court directs, the court may order the sale of such realty or interest or any part thereof at private sale for cash or other consideration and upon such terms and conditions as the court approves, if it finds that the best interests of the estate will be conserved thereby. Before confirmation of any private sale, the court shall appoint three disinterested persons to appraise such property or different groups of three appraisers each to appraise properties of different classes or situated in different localities. No private sale shall be confirmed at a price less than two-thirds of the appraised value. Before confirmation of any private sale, the terms thereof shall be published in such newspaper or newspapers of general circulation as the court directs at least ten days before confirmation. The private sale shall not be confirmed if a bona fide offer is made, under conditions prescribed by the court, which guarantees at least a 10 per centum increase over the price offered in the private sale.

28 U.S.C. § 2001(b).

<sup>&</sup>lt;sup>2</sup> Section 2001(b) governs here because this is a private sale of real property and because 28 U.S.C. §§ 2001(a) and 2004 deal with public auctions and personal property, respectively.

The Receiver can move the Court to waive strict compliance with these procedures, but as explained below, the Receiver has substantially and materially complied with the statute.

# The Property, the Receiver's Marketing Efforts, and the Proposed Sale

EquiAlt Fund, LLC, a Receivership entity, owned the Property until the Order appointed the Receiver, who took title to the Property. The Property was purchased with scheme proceeds – *i.e.*, money contributed to the scheme by victim investors. The Property has four bedrooms and three bathrooms.<sup>3</sup> EquiAlt Fund, LLC purchased the Property as vacant land in 2019 and the home was built in 2020.<sup>4</sup> The listing price for the Property was \$519,900. The sale price is \$100 above the initial list price and is substantially above the approximate tax assessed value.<sup>5</sup>

In compliance with Section 2001(b), the Receiver obtained valuations from three disinterested sources.<sup>6</sup> These valuations include an appraisal and two opinions of value from licensed real estate professionals (collectively, the "**Valuations**"), which are attached as

<sup>&</sup>lt;sup>3</sup> See <u>https://www.zillow.com/homedetails/4203-W-Bay-Villa-Ave-Tampa-FL-33611/45062351\_zpid/</u>

<sup>&</sup>lt;sup>4</sup> See <u>https://gis.hcpafl.org/propertysearch/#/parcel/basic/1830043WU000001000100A</u>

<sup>&</sup>lt;sup>5</sup> The Property is likely to incur a tax reassessment that will increase its tax assessed value because the current tax assessed value predates construction of the home.

<sup>&</sup>lt;sup>6</sup> In connection with marketing the Property, the Receiver has become aware of two other appraisals. One of which valued the Property at \$579,000 but used inappropriate comparative properties, and another that was conducted prior to the appointment of the Receiver and is several months old. These appraisals were not utilized by the Receiver in evaluating the sale price for the Property.

**Exhibits 2-4**. According to the Valuations, a reasonable sale price for the Property would be between \$525,000 and \$530,000. The \$520,000 sale price is in line with this range and is thus fair and reasonable. The sale of the Property would constitute a \$520,000 gross recovery for the Receivership Estate. The average of the Valuations is \$526,635, and in compliance with Section 2001(b), the sale price of \$520,000 is substantially greater than two-thirds of that amount -i.e., \$351,085.

#### Section 2001(b) Publication

To satisfy the publication requirement of Section 2001(b), the Receiver has published the terms of the sale for one day in the Tampa Bay Times, which is regularly issued and of general circulation in the district where the Property is located. A copy of the notice and affidavit of publication are attached as **Exhibit 5**. The Receiver will also publish this motion and the notice on his website – <u>www.equialtreceivership.com</u>. After the 10-day period for the submission of "bona fide offers" expires, the Receiver will inform the Court whether any potential purchaser submitted a "bona fide offer" as contemplated by Section 2001(b). In the absence of such an offer, the Receiver submits that approval of the proposed sale pursuant to the Order and Section 2001(b) is commercially reasonable, fair and equitable, and will ensure a cost-effective recovery for the ultimate benefit of the Receivership Estate. Should a "bona fide offer" be received, the Receiver will so advise the Court and recommend appropriate steps in response thereto.

# **ARGUMENT**

The Court's power to supervise an equity receivership and to determine the appropriate actions to be taken in the administration of the receivership is extremely broad. *S.E.C. v. Elliott*,

953 F.2d 1560, 1566 (11th Cir. 1992); S.E.C. v. Hardy, 803 F.2d 1034, 1038 (9th Cir. 1986). The Court's wide discretion derives from the inherent powers of an equity court to fashion relief. Elliott, 953 F.2d at 1566; S.E.C. v. Safety Finance Service, Inc., 674 F.2d 368, 372 (5th Cir. 1982). A court imposing a receivership assumes custody and control of all assets and property of the receivership, and it has broad equitable authority to issue all orders necessary for the proper administration of the receivership estate. See S.E.C. v. Credit Bancorp Ltd., 290 F.3d 80, 82-83 (2d Cir. 2002); S.E.C. v. Wencke, 622 F.2d 1363, 1370 (9th Cir. 1980). The court may enter such orders as may be appropriate and necessary for a receiver to fulfill his duty to preserve and maintain the property and funds within the receivership estate. See, e.g., Official Comm. Of Unsecured Creditors of Worldcom, Inc. v. S.E.C., 467 F.3d 73, 81 (2d Cir. 2006). Any action taken by a district court in the exercise of its discretion is subject to great deference by appellate courts. See United States v. Branch Coal, 390 F.2d 7, 10 (3d Cir. 1969). Such discretion is especially important considering that one of the ultimate purposes of a receiver's appointment is to provide a method of gathering, preserving, and ultimately liquidating assets to return funds to creditors. See S.E.C. v. Safety Fin. Serv., Inc., 674 F.2d 368, 372 (5th Cir. 1982) (court overseeing equity receivership enjoys "wide discretionary power" related to its "concern for orderly administration") (citations omitted).

Given these principles, the Court should approve the proposed sale for at least five reasons. First, the Receiver is complying with Section 2001(b). Specifically, he obtained the Valuations, and the purchase price is in line with the estimates disclosed in those valuations. *See* Exs. 2-4. Section 2001(b) provides that "[n]o private sale shall be confirmed at a price less than two-thirds of the appraised value" – here, \$351,085 based on an average of the three

Valuations. The \$520,000 purchase price is well above that amount and is in line with the most recent appraisal (Ex. 3), which values the Property at \$530,000. The Receiver has arranged for a notice of the proposed sale and its terms to be published in the Tampa Bay Times. *See* Ex. 5. After the expiration of the 10-day statutory window, the Receiver will advise the Court whether any individual or entity submitted a "bona fide offer" – *i.e.*, an offer 10% higher than the current purchase price. If no one objects to this motion or submits a "bona fide offer," to conserve resources, the Receiver asks that the Court grant the motion without a hearing.

Second, as noted above, the purchase price represents a gross recovery of \$520,000 for the ultimate benefit of the Receivership Estate.

Third, the Property was listed for sale prior to the appointment of the Receiver, but the Receiver's independent evaluation of the transaction demonstrates that it is commercially reasonable. The Receiver is not aware of any other association between the Receivership entities and the Buyer. As such, this is an arms'-length transaction.

Fourth, the existence of ready-and-willing Buyer will ensure an efficient and costeffective recovery for the Receivership Estate, and in the Receiver's opinion, the sale price is at or near the maximum price that can be anticipated for the sale of the Property.

Fifth, sale of the Property will eliminate the Receiver's need to pay for additional upkeep and carrying costs on the Property, including insurance, utilities, and repairs. If

7

required to hold the Property, the Receiver would incur at least \$10,000 per year maintaining and safeguarding the Property.<sup>7</sup> By selling the Property, the Receiver will avoid those costs.

# **CONCLUSION**

For the reasons discussed above, the transaction is commercially reasonable, fair and equitable, and will ensure a cost-effective recovery for the ultimate benefit of the Receivership Estate. As such, the Receiver requests an order, in substantially the form attached as **Exhibit 6**: (1) approving the transaction and the Contract and (2) ordering that the Receiver may transfer title to the Property by Receiver's Deed to the Buyer, free and clear of all claims, liens, and encumbrances. Communications with underwriters and title counsel have indicated that including the legal description in the Court's order could promote quicker closings and avoid potential questions about the chain of title in an abundance of caution. As such, the Receiver asks the Court to grant the Motion using the order attached as Exhibit 6.

<sup>&</sup>lt;sup>7</sup> This cost includes estimates for utilities, insurance and taxes but does not include additional necessary expenses such as maintenance. The Property is currently vacant, and the Receivership is not generating any rental revenue from the Property.

# LOCAL RULE 3.01(G) CERTIFICATION

Counsel for the Receiver has conferred with counsel for the parties and is authorized to represent to the Court that neither the SEC nor Barry Rybicki object to the relief sought. Brian Davison takes no position on the relief sought.

### PURCHASE AND SALE AGREEMENT

This Purchase and Sale Agreement (hereinafter "Agreement"), is entered into this <u>4th</u> day of August, 2020, by and between **Robert H. Parker** (hereinafter, the "**Buyers**") and **Burton W. Wiand, Receiver for Equialt Fund, LLC** (hereinafter, the "**Receiver**" or "**Seller**", and collectively with Buyer, the "**Parties**") appointed in the matter of *Securities and Exchange Commission v. Brian Davison, et al.*, United States District Court, Middle District of Florida, Tampa Division, Case No.: 8:20-cv-00325-T-35AEP (hereinafter, the "**Action**").

### **BACKGROUND**

WHEREAS, the Receiver was appointed pursuant to an Order Granting Plaintiff's Emergency Ex Parte Motion for Appointment of Receiver and Memorandum of Law entered February 14, 2020 and an Order Granting Emergency Ex Parte Motion for Temporary Restraining Order, Asset Freeze, and Other Injunctive Relief entered February 14, 2020 in connection with the proceedings in the Action (the "Receivership Orders"); The Receiver's powers, authorities, rights and privileges, which are outlined in the Receivership Orders, include him taking custody, control and possession of all Receivership Property, including the real property located at 4203 W. Bay Villa Avenue, Tampa, Hillsborough County, Florida 33611 and he is authorized sell Receivership Property with approval of the United States District Court for the Middle District of Florida; and

**WHEREAS**, Equialt Fund, LLC is a legal entity under the control of the Receiver pursuant to the Receivership Orders and it is the owner of the Property located at 4203 W. Bay Villa Avenue, Tampa, Hillsborough County, Florida 33611, better known as Hillsborough County Property Appraiser's Parcel Folio Number: 129386-0000; and

**WHEREAS**, pursuant to the Receivership Orders, the Seller has been granted full power and authority to market and enter into an agreement to sell the Property;

**WHEREAS**, subject to approval by the Court, compliance with the publication requirements of 28 U.S.C. § 2001(b), and the non-receipt of a Bona Fide Offer (defined below), Seller desires to sell and Buyers desire to purchase the Property pursuant to the terms and conditions set forth herein, and,

**WHEREAS**, the Buyers desire to purchase the Property and Seller desires to sell the Property, all on the terms and conditions hereinafter set forth.

**NOW THEREFORE**, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the Parties agree as follows:

# **AGREEMENT**

1. <u>Property:</u> The Seller agrees to sell and convey, and Buyer agrees to purchase and pay for, all pursuant to the terms and conditions hereinafter set forth, the Property consisting of all of Seller's right, title, and interest in and to the Property, more particularly described on Exhibit "A" attached hereto. The Property shall include all appurtenant rights, privileges, and easements, all buildings and improvements, free from all encumbrances whatsoever, except restrictions and easements of record, zoning ordinances, and taxes and assessments, both general and special, not currently due and payable. **PROPERTY SOLD "AS IS".** 

2. <u>Purchase Price & Contingencies</u>: The Purchase Price shall be Five Hundred and Twenty Thousand Dollars (\$520,000.00).

This Agreement is contingent upon (1) compliance with the publication procedures required by 28 U.S.C. § 2001(b), and (2) the <u>non-receipt</u> by Seller of a bona fide offer, under conditions prescribed by the Court, as described in 28 U.S.C. § 2001(b) (a "<u>Bona Fide Offer</u>"). Buyers understand and acknowledges that 28 U.S.C. § 2001(b) prohibits the Court's approval and confirmation of the transaction contemplated by this Agreement if Seller receives a Bona Fide Offer. As such, upon receipt of a Bona Fide Offer, Seller shall have the exclusive right to terminate this Agreement, and Buyers' sole and exclusive remedy for such termination is limited to the return of its Earnest Money Deposit, as defined and set forth below. If the Seller does not receive a Bona Fide Offer after compliance with the publication procedures required by 28 U.S.C. § 2001(b), this Agreement is further contingent upon Seller obtaining an Order in substantially the form as Exhibit "B" attached hereto (the "<u>Order</u>") approving: (1) the sale of the Property described in Exhibit "A" to Buyers free and clear of all liens, claims, encumbrances, and restrictions as provided for in the order of the United States District Court approving this transaction and (2) Buyer's quiet enjoyment of all assets assigned to and assumed by Buyers (collectively, the "**Contingencies**").

In the event that Seller receives a Bona Fide Offer or the Court does not approve of the sale of the Property, i.e., if the Contingencies are not satisfied on or before the Closing Date, Buyers acknowledge and agree that its <u>sole and exclusive remedy</u> is to seek return of the Earnest Money Deposit, as defined below, from Seller. This Agreement, when duly executed by the Parties, constitutes the express waiver in writing of any other remedy, whether legal or equitable, that may be available to the Buyers.

3. <u>Escrow Agent and Earnest Money Deposits</u>: Najmy Thompson, P.L 3400 S. Tamiami Trail, Suite 201, Sarasota, FL 34239 shall serve as the Escrow Agent. Within three (3) business days after full execution of this Agreement by the Parties the Buyers shall deposit the sum of Five Thousand Dollars (\$5,000.00) in readily available funds as an earnest money deposit ("Earnest Money Deposit") into the IOTA trust account of Najmy Thompson, P.L. Subsequent to the satisfaction of the contingencies outlined in this Agreement, the Earnest Money Deposit shall only be refundable if the United States District Court refuses to approve the motion for sale or if the United States District Court approves the sale of the Property to a competing bidder.

Upon the satisfaction of the contingencies relating to an appraisal, financing and inspection, pending approval by the Court of this transaction the Buyers may not cancel the

transaction and any attempt thereto shall cause the deposit made pursuant to this contract to immediately become the property of the Receiver.

The Earnest Money Deposit shall be credited at Closing towards the Purchase Price to be paid to Seller by Buyers for the Property under the terms of this Agreement. The terms of this Agreement shall serve as the escrow instructions for this transaction.

4. <u>Conditions of Escrow</u>: Seller shall, on or before the date of Closing, make reasonable efforts to obtain approval from The United States District Court, Middle District of Florida to sell the Property pursuant to the terms of this Agreement. After the satisfaction of the contingencies in this Agreement if the Buyers withdraw from this Agreement prior to the approval of the sale, or if the Court approves the sale of the Property pursuant to the terms of this Agreement and the Buyers fail to perform under this Agreement except as to any rights the Buyers may have under paragraphs 5, 8, 9 or 10, the Earnest Money Deposit shall be delivered immediately to Seller as liquidated damages for Buyer's failure to perform. In the event that the Court fails to approve this Agreement or the Buyer terminates the Agreement solely as provided for in paragraphs 5, 8, 9 or 10, this Agreement shall be null and void and of no further force and effect and neither Seller nor the Buyers shall have any further obligations hereunder to the other and the Earnest Money Deposit shall be delivered immediately to Buyers. Should Seller fail to perform any obligation under this Agreement for any other reason, the Buyers' sole remedy shall be to seek return of all funds deposited in connection with this Agreement.

5. <u>Financing Contingency and Appraisal</u>: Buyers shall have thirty (30) days from the date of this Agreement to obtain a written loan commitment for a conventional loan in the principal amount of at least Ninety Five percent (95% or \$494,000) of the Purchase Price with an interest rate not to exceed the then prevailing rate based upon the Buyers' creditworthiness (collectively the financial terms in this sentence shall be referred to as "Loan Terms"). In the event that the Buyers fail to obtain a loan commitment consistent with the Loan Terms, this Agreement shall be null and void and of no further force and effect and neither Seller nor the Buyers shall have any further obligations hereunder to the other and the Earnest Money Deposit shall be delivered immediately to Buyers. If the Buyer obtains a loan commitment consistent with the Loan Terms herein and then the Buyers fail to perform under this Agreement, the Ernest Money Deposit shall be delivered immediately to Seller as liquidated damages for Buyers' failure to perform.

This Agreement is contingent upon the Buyers or Buyers' Lender obtaining, at Buyers' expense a written appraisal from a licensed Florida appraiser, stating the appraised value of the Property is at least \$520,000. If the appraisal states that the appraised value of the Property is less than the above value, Buyers may, within three (3) business days after receipt of the appraisal deliver written notice to Seller (with a copy of the appraisal), either: a) terminating this Agreement in which event the Earnest Money Deposit and Additional Earnest Money Deposit paid shall be refunded to Buyers; thereby releasing Buyers and Seller from all obligations under this Agreement; or b) waiving and removing this contingency and continuing with this Agreement without regard to the appraised value of the Property. If Buyers fail to timely deliver notice of Buyers' exercise of the right to terminate granted herein this paragraph, this contingency shall be waived and removed, and Buyers will continue with this Agreement.

6. <u>Closing and Closing Agent</u>: Unless extended by mutual agreement of the Parties, Closing shall take place within thirty (30) days after The United States District Court, Middle District of Florida's approval of the sale, with Buyers to provide written notice specifying the actual closing date at least three (3) business days before such closing date. All funds and documents required to be deposited hereunder shall be deposited into escrow prior to Closing. The term "Closing" as used herein shall mean the date all contingencies provided in this Agreement shall be satisfied or waived by written instrument and the date the Receiver's Deed in substantially the form as Exhibit "B" attached hereto has been recorded. Najmy Thompson, P.L. shall serve as the Closing Agent.

7. <u>Conveyance of Title</u>: When the funds to be paid by Buyers together with all documents required to be deposited by Buyers pursuant to this Agreement have been deposited into escrow, then Seller shall deliver into escrow title to the Property. Seller will convey title via Receiver's Deed in substantially the form as Exhibit "B" attached hereto.

8. Evidence of Title, Survey and Closing Costs: Buyers, at Buyers' cost and expense, may obtain evidence of title, a title abstract, title insurance and/or a survey of the Property. At Closing, Buyers shall pay: (i) all title examination fees; (ii) survey costs or any costs to update surveys; (iii) to update recording costs on documents necessary for Seller to clear title (to the extent such action is required); (iv) any premiums for a title insurance policy; (v) all transfer taxes payable in connection with the delivery for recording of any title transfer instrument or document by Seller provided in or contemplated by this Agreement; (vi) all charges for escrow services; (vii) all survey and appraisal costs; (viii) mortgage taxes (if any); (ix) the cost of any environmental reports; (x) all fees of the Closing Agent; and (xi) Buyers' legal, accounting and other professional fees and expenses and the cost of all certificates, instruments, documents and papers required to be delivered, or to cause to be delivered, by Buyer hereunder, including without limitation, the cost of performance by Buyer and the obligations hereunder.

At Closing, Seller shall pay: (i) Seller's legal, accounting and other professional fees and expenses and the cost of all certificates, instruments, documents and papers required to be delivered, or to cause to be delivered, by Seller hereunder, including without limitation, the cost of performance by Seller of its obligations hereunder.

Except as otherwise expressly provided for in this Agreement, Buyers shall be responsible for any and all other costs and expenses, regardless of custom or practice in the county where the Property is located, in connection with the consummation of this Agreement.

9. <u>Condition of Premises and Inspection Period</u>: Buyers acknowledge and agree to purchase the property on an "As Is" "Where Is" basis, with all faults and without representations, express or implied, of any type, kind, character or nature, including but not limited to the suitability of the Property for any use, and without warranties, express or implied, of any type, kind, character or nature, including but not limited to, suitability of the Property for any use, and without recourse, express or implied, of any type, kind, character or nature.

With prior notice to and approval from Seller, Seller does hereby grant to Buyers and their authorized agents the right, at Buyers' sole risk, cost and expense, for a period of ten (10) days from the date of this Agreement (the "Inspection Period") to enter the Property to inspect, examine, and survey the Property and otherwise do that which, in the opinion of Buyers, is reasonably necessary to determine the boundaries and acreage of the Property, the suitability of the Property for the uses intended by Buyers, and to determine the physical condition of the Property. Buyers agree to indemnify and hold Seller harmless from and against any and all liabilities, claims, losses or damages arising directly or indirectly from negligence in conducting Buyer's inspection and examination of the Property (but not from any effect upon value or marketability of the Property), and this indemnity and hold harmless provision shall survive Closing or the termination of this Agreement. Buyers shall promptly deliver to Seller copies of the results of all of Buyers' inspections, appraisals and/or examinations. If, at the conclusion of the Inspection Period, Buyers should notify Seller in writing that Buyers, for whatever reason, desires not to proceed with this purchase, this Agreement shall be deemed null and void, escrow shall be canceled, and the full Earnest Money Deposit with no deductions shall be returned to Buyers without any interference or further instruction or authorization from Seller.

10. <u>Damage or Destruction</u>: In the event the Property, or any portion thereof, is damaged or destroyed by fire or other cause prior to the date of transfer of title, Buyers may declare this Agreement null and void or Buyers may complete the purchase and receive the proceeds from any insurance otherwise payable to or for the benefit of Seller with respect to such destruction, together with a credit against the purchase price for any "deductible" under such insurance. If Buyers declare this Agreement null and void due to damage or destruction as described in this Paragraph 10, the Earnest Money Deposit shall be delivered immediately to Buyers.

11. <u>Taxes, Assessments & Utilities</u>: Real Estate Taxes, assessments, if any, and any assessments, insurance premiums, charges, and other items attributable to the Property shall be prorated as of the date of Closing, based upon an actual three hundred and sixty five (365) day year, as is customary. Meters for all public utilities (including water) being used on the Property shall be ordered read on the day prior to closing and all charges to said date shall be paid by Seller.

12. <u>Real Estate Brokers</u>: Seller and Buyer represent and warrant each to the other that they have not dealt with any real estate broker, sales person or finder in connection with this transaction, except for C. Alex Ellis of A Better Life Realty ("Seller's Agent") and Brad Suddath of Realty Advisors LLC ("Buyers' Agent"). At Closing, Seller agrees to a <u>Two and One Half</u> percent plus three hundred dollars (2.5% + \$300) commission Seller's Agent pursuant to a separate written agreement by and between Seller and Seller's Agent. Seller agrees to a <u>Two and One Quarter</u> percent less three hundred dollars (2.25% - \$300) commission to Buyer's Agent. In no event shall the total sales commission owed by the Seller exceed Four and Three Quarters percent (4.75%) of the Purchase Price.

#### **CERTIFICATIONS AND LIMITING CONDITIONS**

SCOPE OF WORK: The scope of this appraisal consists of identifying the characteristics of the subject property that are relevant to the purpose and intended use of the appraisal. This may be accomplished by reviewing public record data, prior appraisal or other documentation from a disinterested source and which is considered reliable from the appraiser's perspective. Unless otherwise noted in the appraisal, no interior or exterior inspection of the subject property has been made. In developing this appraisal, the appraiser has incorporated only the Sales Comparison approach. The appraiser has excluded the Cost and Income approaches as not being relevant, given the agreed upon Scope of Work. The appraiser has determined that this appraisal process is not so limited that the results of the assignment are no longer credible, and the client agrees that the limited service is appropriate given the intended use. The data sources for the comparable sales may include public record data services, multiple listing services, automated valuation models and/or other data sources that become available. The confirmation of comparable sale data, i.e. closed sale documentation and property characteristics, is via public data sources only. The appraiser has not viewed the sales in the field. The data is collected, verified and analyzed, in accordance with the scope of work identified and the intended use of the appraisal. The appraiser acknowledges that an estimate of a reasonable time for the exposure in the open market is a condition in the definition of market value. The subject's marketing time is assumed to be typical for the subject's market area unless otherwise stated.

In the absence of an inspection, the appraiser has made some basic assumptions, including the following:

1. The subject property is assumed to be in average overall condition and generally conforms to the neighborhood in terms of style, condition and construction materials.

2. There are no adverse environmental conditions (hazardous wastes, toxic substances, etc.) present in the improvements, on the site, or in the immediate vicinity of the subject property.

There are no significant discrepancies between the public record information or other data sources and the existing site or improvements.

ANALYSIS OF ANY CURRENT AGREEMENT OF SALE. PRIOR SALE WITHIN THREE YEARS AND RECONCILIATION: Unless otherwise noted, the appraiser has no knowledge of any current agreement of sale nor any current or past listing agreement. Prior sales of the subject property within three years of the effective date of this appraisal have been researched and reported, if available from public record sources. The appraiser has reconciled the quality and quantity of data available into an Opinion of Market Value, in accordance with the intended use and scope of work.

STATEMENT OF CONTINGENT AND LIMITING CONDITIONS: The Appraiser's Certification that appears in this report is subject to the following conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect the subject property.

2. The appraiser assumes the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.

3. The appraiser will not give testimony or appear in court because he or she performed this appraisal unless specific arrangements to do so have been made beforehand.

4. Except as noted herein, the appraiser has not made an exterior or interior inspection of the subject property. The appraiser assumes that there are no adverse conditions associated with the improvements or the subject site. Unless otherwise stated in this report, the appraiser has no knowledge of any hidden or apparent conditions of the property or adverse environmental conditions (including the presence of hazardous wastes, toxic substances, etc.) present in the improvements, on the site or in the immediate vicinity that would make property more or less valuable, and has assumed that there are no such conditions. The appraiser makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser assumes that the improvements are in average condition. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report may not be considered an environmental assessment of the property.

5. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers reliable and has no reason to believe them to be other than true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.

6. The appraiser will not disclose the content of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice.

APPRAISER'S CERTIFICATION: The appraiser certifies, to the best of my knowledge and belief:

1. The statements of fact contained in this report are true and correct.

2. The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions and conclusions.

3. I have no present or prospective interest in the property that is the subject of this report, and no personal interest with respect to the parties involved.

I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

5. My engagement in this assignment was not contingent upon the development or reporting of predetermined results.

6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

7. My analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.

I have not made a personal inspection of the property that is the subject of this report, nor did I make inspections of the comparable sales.

9. No one provided significant real property appraisal assistance to the person signing this report, unless otherwise noted and acknowledged within this report.

#### UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM (Source: Fannle Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

#### **Condition Ratings and Definitions**

#### C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

#### C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

#### C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The Improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

#### C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

#### C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

#### C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

#### **Quality Ratings and Definitions**

#### Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

#### **Q2**

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM (Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

#### Quality Ratings and Definitions (continued)

#### Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

#### Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

#### Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

#### Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

#### Definitions of Not Updated, Updated, and Remodeled

#### Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes. Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

#### Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

#### Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fbdures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

#### Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:

3.2 indicates three full baths and two half baths.
