Re: *SEC v. Brian Davison, et al., Case No. 8:20-cv-00325-T-35AEP*
- Letter from Vantage

Dear Investors:

In late October, the Receiver issued subpoenas to several trust companies to gather further information in his investigation. We have received a letter that Vantage sent to its customers that may have caused some alarm or confusion. The requested documents relate to EquiAlt's dealings with the trust companies as well as investor information. The information related to individual investors will be used by the Receiver in the claims process in order to begin to return funds to defrauded investors.

If you have any questions regarding the subpoenas issued, or if you believe you have information that might be helpful to the Receiver, please contact Amanda Stephens at 813-347-5120.

Very truly yours,

Burton W. Wiand, Receiver for Equialt, et al.
